

LIST OF AVAILABLE MAPS TO ACCOMPANY:

- Burns Owens Partnership (2008) Mapping and gapping analysis of cultural assets in the West Midlands
- RSS Phase 3 Review - Cultural Options Work

West Midlands

- i) All assets by domain and rank
- ii) All assets by rank
- iii) Arts assets by rank
- iv) Conference venue assets by rank
- v) Built environment assets by rank
- vi) Festivals by rank
- vii) Heritage by rank
- viii) Leisure & Tourism assets by rank
- ix) Libraries and archives assets by rank
- x) Natural environment assets
- xi) Sport assets by rank
- xii) International assets by domain
- xiii) International assets by domain & second home household spaces
- xiv) International assets by domain & access links
- xv) International assets by domain & areas with a high concentration of young people (0-15) and pensioners (65+ males, 59+ females)
- xvi) International assets by domain & proportion of population that is BME (2001)
- xvii) International assets by domain & estimated proportion of population that is BME (2005)
- xviii) International assets by domain & current population density
- xix) International assets by domain & number of National Insurance registrations in respect of EU migrants (2006/07)
- xx) International assets by domain & health deprivation level
- xxi) International assets by domain & areas of high multiple deprivation
- xxii) International assets by domain & median household income
- xxiii) International assets by domain & share of population with Long Term Limiting Illness
- xxiv) International assets & RSS-based, projected population density change (2006-2016)
- xxv) International assets & RSS-based, projected population density change (2006-2026)
- xxvi) International assets & RSS-based, projected population density change (2016-2026)
- xxvii) International assets & RSS-based, projected population density change for 0-14 year olds (2006-2026)
- xxviii) International assets & RSS-based, projected population density change for 15-24 year olds (2006-2026)
- xxix) International assets & RSS-based, projected population density change for 25-44 year olds (2006-2026)
- xxx) International assets & RSS-based, projected population density change for 45-64 year olds (2006-2026)
- xxxi) International assets & RSS-based, projected population density change for 65-74 year olds (2006-2026)
- xxxii) International assets & RSS-based, projected population density change for 75+ year olds (2006-2026)
- xxxiii) International assets by domain & regional regeneration initiatives
- xxxiv) International assets by domain & skills deprivation level
- xxxv) International assets by domain & urban/rural classification
- xxxvi) National assets by domain
- xxxvii) National assets by domain & second home household spaces
- xxxviii) National assets by domain & access links

- xxxix) National assets by domain & areas with a high concentration of young people (0-15) and pensioners (65+ males, 59+ females)
- xl) National assets by domain & proportion of population that is BME (2001)
- xli) National assets by domain & estimated proportion of population that is BME (2005)
- xlII) National assets by domain & current population density
- xlIII) National assets by domain & number of National Insurance registrations in respect of EU migrants (2006/07)
- xlIV) National assets by domain & health deprivation level
- xlV) National assets by domain & areas of high multiple deprivation
- xlVI) National assets by domain & median household income
- xlVII) National assets by domain & share of population with Long Term Limiting Illness
- xlVIII) National assets & RSS-based, projected population density change (2006-2016)
- xlIX) National assets & RSS-based, projected population density change (2006-2026)
- l) National assets & RSS-based, projected population density change (2016-2026)
- li) National assets & RSS-based, projected population density change for 0-14 year olds (2006-2026)
- lii) National assets & RSS-based, projected population density change for 15-24 year olds (2006-2026)
- liii) National assets & RSS-based, projected population density change for 25-44 year olds (2006-2026)
- liV) National assets & RSS-based, projected population density change for 45-64 year olds (2006-2026)
- liVI) National assets & RSS-based, projected population density change for 65-74 year olds (2006-2026)
- liVII) National assets & RSS-based, projected population density change for 75+ year olds (2006-2026)
- liVIII) National assets by domain & regional regeneration initiatives
- liVIII) National assets by domain & skills deprivation level
- lix) National assets by domain & urban/rural classification
- lx) Regional assets by domain
- lxi) Regional assets by domain & second home household spaces
- lxii) Regional assets by domain & access links
- lxiii) Regional assets by domain & areas with a high concentration of young people (0-15) and pensioners (65+ males, 59+ females)
- lxIV) Regional assets by domain & proportion of population that is BME (2001)
- lxV) Regional assets by domain & estimated proportion of population that is BME (2005)
- lxVI) Regional assets by domain & current population density
- lxVII) Regional assets by domain & number of National Insurance registrations in respect of EU migrants (2006/07)
- lxVIII) Regional assets by domain & health deprivation level
- lxIX) Regional assets by domain & areas of high multiple deprivation
- lxx) Regional assets by domain & median household income
- lxxi) Regional assets by domain & share of population with Long Term Limiting Illness
- lxxii) Regional assets & RSS-based, projected population density change (2006-2016)
- lxxiii) Regional assets & RSS-based, projected population density change (2006-2026)
- lxxIV) Regional assets & RSS-based, projected population density change (2016-2026)
- lxxV) Regional assets & RSS-based, projected population density change for 0-14 year olds (2006-2026)
- lxxVI) Regional assets & RSS-based, projected population density change for 15-24 year olds (2006-2026)
- lxxVII) Regional assets & RSS-based, projected population density change for 25-44 year olds (2006-2026)
- lxxVIII) Regional assets & RSS-based, projected population density change for 45-64 year olds (2006-2026)

- lxxix) Regional assets & RSS-based, projected population density change for 65-74 year olds (2006-2026)
- lxxx) Regional assets & RSS-based, projected population density change for 75+ year olds (2006-2026)
- lxxxi) Regional assets by domain & regional regeneration initiatives
- lxxxii) Regional assets by domain & skills deprivation level
- lxxxiii) Regional assets by domain & urban/rural classification
- lxxxiv) Sub-regional assets by domain
- lxxxv) Sub-regional assets by domain & access links
- lxxxvi) Leisure assets by rank & cycle routes and rivers and canals
- lxxxvii) Leisure assets by rank & urban/rural classification
- lxxxviii) Audio-visual assets by rank & location quotient
- lxxxix) Books & Press assets by rank & location quotient
- xc) Heritage assets by rank & location quotient
- xcj) Performance assets by rank & location quotient
- xcii) Sport assets by rank & location quotient
- xciii) Tourism assets by rank & location quotient
- xciv) Visual arts assets by rank & location quotient
- xcv) Natural environment assets bordering the West Midlands

Birmingham, Coventry, The Black Country & Telford City-Region

- xcvi) All assets by domain
- xcvii) All assets by domain & second home household spaces
- xcviii) All assets by domain & access links
- xcix) All assets by domain & areas with a high concentration of young people (0-15) and pensioners (65+ males, 59+ females)
- c) All assets by domain & proportion of population that is BME (2001)
- ci) All assets by domain & estimated proportion of population that is BME (2005)
- cii) All assets by domain & current population density
- ciii) All assets by domain & number of National Insurance registrations in respect of EU migrants (2006/07)
- civ) All assets by domain & health deprivation level
- cv) All assets by domain & areas of high multiple deprivation
- cvi) All assets by domain & median household income
- cvii) All assets by domain & share of population with Long Term Limiting Illness
- cviii) All assets by domain & RSS-based, projected population density change (2006-2016)
- cix) All assets by domain & RSS-based, projected population density change (2006-2026)
- cx) All assets by domain & RSS-based, projected population density change (2016-2026)
- cxj) All assets by domain & RSS-based, projected population density change for 0-14 year olds (2006-2026)
- cxiii) All assets by domain & RSS-based, projected population density change for 15-24 year olds (2006-2026)
- cxiv) All assets by domain & RSS-based, projected population density change for 25-44 year olds (2006-2026)
- cxv) All assets by domain & RSS-based, projected population density change for 45-64 year olds (2006-2026)
- cxvi) All assets by domain & RSS-based, projected population density change for 65-74 year olds (2006-2026)
- cxvii) All assets by domain & RSS-based, projected population density change for 75+ year olds (2006-2026)
- cxviii) All assets by domain & regional regeneration initiatives
- cxviiii) All assets by domain & skills deprivation level
- cxix) All assets by domain & urban/rural classification
- cxx) International assets by domain

- cxxi) International, National and Regional assets by rank & share of total land area that is green space by Census output area
- cxxii) Regional assets by domain
- cxxiii) Regional assets by domain & second home household spaces
- cxxiv) Regional assets by domain & access links
- cxxv) Regional assets by domain & areas with a high concentration of young people (0-15) and pensioners (65+ males, 59+ females)
- cxxvi) Regional assets by domain & proportion of population that is BME (2001)
- cxxvii) Regional assets by domain & estimated proportion of population that is BME (2005)
- cxxviii) Regional assets by domain & current population density
- cxxix) Regional assets by domain & number of National Insurance registrations in respect of EU migrants (2006/07)
- cxxx) Regional assets by domain & health deprivation level
- cxxxi) Regional assets by domain & areas of high multiple deprivation
- cxxxii) Regional assets by domain & median household income
- cxxxiii) Regional assets by domain & share of population with Long Term Limiting Illness
- cxxxiv) Regional assets & RSS-based, projected population density change (2006-2016)
- cxxxv) Regional assets & RSS-based, projected population density change (2006-2026)
- cxxxvi) Regional assets & RSS-based, projected population density change (2016-2026)
- cxxxvii) Regional assets & RSS-based, projected population density change for 0-14 year olds (2006-2026)
- cxxxviii) Regional assets & RSS-based, projected population density change for 15-24 year olds (2006-2026)
- cxxxix) Regional assets & RSS-based, projected population density change for 25-44 year olds (2006-2026)
- cxl) Regional assets & RSS-based, projected population density change for 45-64 year olds (2006-2026)
- cxli) Regional assets & RSS-based, projected population density change for 65-74 year olds (2006-2026)
- cxlii) Regional assets & RSS-based, projected population density change for 75+ year olds (2006-2026)
- cxliii) Regional assets by domain & regional regeneration initiatives
- cxliv) Regional assets by domain & skills deprivation level

- ccclvii) National assets by domain & access links
- ccclviii) Regional assets by domain
- ccclix) Regional assets by domain & second home household spaces
- ccclx) Regional assets by domain & access links
- ccclxi) Regional assets by domain & areas with a high concentration of young people (0-15) and pensioners (65+ males, 59+ females)
- ccclxii) Regional assets by domain & proportion of population that is BME (2001)
- ccclxiii) Regional assets by domain & estimated proportion of population that is BME (2005)
- ccclxiv) Regional assets by domain & current population density
- ccclxv) Regional assets by domain & number of National Insurance registrations in respect of EU migrants (2006/07)
- ccclxvi) Regional assets by domain & health deprivation level
- ccclxvii) Regional assets by domain & areas of high multiple deprivation
- ccclxviii) Regional assets by domain & median household income

- ccclxix) Regional assets by domain & share of population with Long Term Limiting Illness
- ccclxx) Regional assets & RSS-based, projected population density change (2006-2016)
- ccclxxi) Regional assets & RSS-based, projected population density change (2006-2026)
- ccclxxii) Regional assets & RSS-based, projected population density change (2016-2026)
- ccclxxiii) Regional assets & RSS-based, projected population density change for 0-14 year olds (2006-2026)
- ccclxxiv) Regional assets & RSS-based, projected population density change for 15-24 year olds (2006-2026)
- ccclxxv) Regional assets & RSS-based, projected population density change for 25-44 year olds (2006-2026)
- ccclxxvi) Regional assets & RSS-based, projected population density change for 45-64 year olds (2006-2026)
- ccclxxvii) Regional assets & RSS-based, projected population density change for 65-74 year olds (2006-2026)
- ccclxxviii) Regional assets & RSS-based, projected population density change for 75+ year olds (2006-2026)
- ccclxxix) Regional assets by domain & regional regeneration initiatives
- ccclxxx) Regional assets by domain & skills deprivation level
- ccclxxxi) Regional assets by domain & urban/rural classification
- ccclxxxii) Sub-regional assets by domain
- ccclxxxiii) Sub-regional assets by domain & access links
- ccclxxxiv) Arts assets by rank
- ccclxxxv) Festivals and events assets by rank
- ccclxxxvi) Heritage assets by rank
- ccclxxxvii) Leisure & Tourism assets by rank
- ccclxxxviii) Sports assets by rank
- ccclxxxix) Leisure assets by rank & cycle routes, rivers and canals
- cccxc) Leisure assets by rank & urban / rural classification
- cccxc) Audio-visual assets by rank & location quotient
- cccxcii) Heritage assets by rank & location quotient
- cccxciii) Performance assets by rank & location quotient
- cccxciv) Sport assets by rank & location quotient
- cccxcv) Tourism assets by rank & location quotient
- cccxcvi) Visual arts assets by rank & location quotient

Regional Lifestyle Survey-Related Maps

- cccxcvii) Proportion of respondents reporting proximity of cultural assets as important when making a decision about where to live
- cccxcviii) Sports, Leisure & Tourism assets by rank and proportion of respondents reporting problems accessing leisure facilities
- cccxcix) Leisure & Tourism assets by rank & proportion of respondents reporting using/visiting a park
- cd) Leisure & Tourism assets by rank & proportion of respondents reporting visiting the countryside or a country park (for leisure)
- cdi) Libraries & Archives assets by rank & proportion of respondents reporting using/visiting a library
- cdii) Sports assets by rank & proportion of respondents reporting using a leisure/sports centre
- cdiii) Arts & Festival assets by rank and proportion of respondents reporting using/visiting arts or cultural venues (museums, galleries, theatres, live music etc)
